

Small Quakes Rock Foreign, U. S. Areas

SALT LAKE CITY (AP) — A sharp earthquake rocked Salt Lake City at 9:05 a.m. today, six days after a damaging tremor shook northern Utah.

There were no immediate reports of damage from today's quake.

The shock rocked buildings in downtown Salt Lake and was felt throughout the Salt Lake Valley. The tremor last week caused damage estimated at between \$500,000 and \$1 million, but no one was hurt.

MOSCOW (AP)—An earthquake shook Soviet Armenia early today. The epicenter was in the frontier zone between Iran and Turkey.

Tass news agency gave no details on possible casualties or damage.

The quake rocked Yerevan, big modernized city, 1,100 miles south-east of Moscow.

The tremors were the latest of a series of earth shocks in the area in the wake of a giant quake that devastated northwest Iran Saturday night.

ANKARA, Turkey (AP)—Moderately strong earth tremors shook the Turkish town of Iğdır, near the Soviet frontier, and damaged about a quarter of the buildings, reports reaching here today said.

No deaths were reported.

By DAVID LANCASHIRE

TEHRAN, Iran (AP) — Earth tremors today rocked Turkey and Soviet Armenia near the frontier of Iran as this nation dug out of the ruins of a quake that the shah said killed at least 10,000 persons.

The shah began a tour of the northwest region which was dealt a deadly blow Saturday as reports came of new earth rumblings within 400 miles across the Iranian border.

Moderately strong shocks shook the Turkish town of Iğdır, near the Soviet frontier, and damaged about a quarter of the buildings. There were no immediate reports of any deaths. Iğdır has 10,000 population.

The Soviet news agency Tass said a fairly strong earthquake hit Soviet Armenia at 3 a.m. and was followed by 14 weak tremors. Yerevan, a big modernized city at the foot of Mt. Ararat, felt the rumblings. The Soviet agency gave no details on possible casualties or damage.

The shah of Iran was on a two-day tour of his quake-ravaged land where minor shocks have disturbed villages daily since Saturday, spreading terror among survivors.

The exact death toll probably will never be known. An official of the Red Lion and Sun—Iran's Red Cross, told of two villages not even on the map that had been wiped out.

Twenty-eight U.S. C-130 cargo planes arrived from their Ramstein, Germany, base with a fully equipped 100-bed field hospital, teams of doctors and nurses, 10,000 blankets and 1,000 tents. The U.S. planes were the vanguard of large-scale aid promised from abroad.

School Menu for Thursday, Friday

School menus for Thursday and Friday, Sept. 6 and 7:

Thursday — Hamburger on bun, potato salad, mustard and onions, peach cobbler, and milk.

Friday — Tuna and ham salad, macaroni and cheese, cabbage slaw with tomatoes, bread, butter cinnamon rolls and milk.

Weather

Total 1962 precipitation through August, 32.26 inches; during the same period last year, 39.41 inches.

Experiment Station report for 24-hours ending at 8 a. m. Wednesday, High 92, Low 72, precipitation .11 of an inch.

Arkansas Regional Forecast
By THE ASSOCIATED PRESS
Central Arkansas: Cloudy to partly cloudy this afternoon, tonight and Thursday. Cooler this afternoon and tonight. Friday partly cloudy and a little warmer. High this afternoon low to mid 80s. Low tonight upper 50s to low 60s. High Thursday low to mid 80s. Northwest and Northeast Arkansas: Cloudy to partly cloudy and cooler this afternoon and tonight. High this afternoon in the mid 70s. Low tonight 50 to 58. Thursday

U.S. Warns Russia, Cuba--No Aggression

Bulletin

Claud Stacks, president of Hope Lumber Manufacturing Co., Inc., announced today he had been notified by Sen. William J. Fulbright of approval of a Small Business Administration Loan of \$250,000.

This loan was applied for to help rebuild the Hope mill which burned last April 13. It was formerly the Graydon Anthony Lumber Co.

Mr. Stacks estimated income from the operation to Hope, Hempstead and adjoining counties will be in excess of \$1 million annually.

He especially had praise for Senator Fulbright, whose efforts made the loan possible. Lloyd Spencer and First National Bank, participants in the loan and to many Hope citizens for help in making it possible.

British Turn Down Spy, Will Deport

LONDON (AP)—Britain today rejected Robert A. Soblen's final plea for clemency and ordered the fugitive spy deported to the United States "as soon as practicable."

His deportation probably will take place Thursday but the time has not been announced.

Soblen, who faces a life sentence in the United States for wartime spying for the Soviet Union, has been on the run since June.

He jumped \$100,000 bail, fled to Tel Aviv, was expelled from Israel and landed in Britain July 1 after slashing himself while aboard the Israeli airliner that was flying him to New York.

British courts four times rejected the 61-year-old psychiatrist's pleas that he should be allowed to remain here or at least be allowed to go to some other country of his choice. Communist Czechoslovakia offered him a visa, it was reported.

In a final effort to avoid deportation, Soblen's lawyers this week presented Home Secretary Henry Brooke with a 20-page memorandum arguing Soblen's case.

Informed sources said it argued that Soblen's guilt had not been firmly established and that in any case he suffers from leukemia—blood cancer—and so should be allowed asylum on humanitarian grounds.

LONDON (AP)—Britain today announced she is sticking by her decision to deport Dr. Robert Soblen, fugitive spy, to the United States.

A Home Office statement said he will be removed to the United States "as soon as practicable."

Marlar Asks a Change of Venue

TEXARKANA, Ark. (AP) — Court-appointed attorneys for Jerry K. Marlar asked Tuesday that his first degree murder trial be held elsewhere because he could not get an impartial trial in Miller County.

Circuit Judge Lyle Brown set a hearing on the change of venue motion for next Tuesday.

Marlar, 32, is charged in the slaying of Thomas Bond of Bossier City, La. A co-defendant, Welda Lee Derr, entered a plea of innocent Tuesday. She will be tried separately.

Marlar has not entered a plea to the murder charge nor to a charge of jailbreak filed after he fled jail last month.

Hit, Killed by Car

MOUNTAIN VIEW, Ark. (AP)—Charles Apple, 13, of near Mountainview, was fatally injured Sunday night when struck by a car while riding his bicycle along State Highway 14 about 10 miles east of here. The teen-ager was struck by a car driven by James Daberry of St. James, Ark., state police said.

Bids on U. S. Cars

LITTLE ROCK (AP)—The General Services Administration said Monday it would open bids Sept. 19 at Dallas, Tex. on 27 used government cars and a bus located at Little Rock and Pine Bluff. The GSA said all the vehicles are in operating condition.

By LEWIS GULICK

WASHINGTON (AP)—Cuba has received Soviet short-range missiles, torpedo boats and other military aid, says President Kennedy. But he adds there is no evidence of Communist bloc combat troops or "other significant offensive capability."

"Were it otherwise, the gravest issues would arise," said Kennedy.

He declared:

"It continues to be the policy of the United States that the Castro regime will not be allowed to export its aggressive purposes by force or threat of force.

"It will be prevented by whatever means may be necessary from taking action against any part of the Western hemisphere.

Kennedy's statement, giving new details on the current Russian shipments to Cuba, was issued by the White House Tuesday night after the President and top aides conferred for an hour with Democratic and Republican congressional leaders.

Secretary of State Dean Rusk and Secretary of Defense Robert S. McNamara were slated to brief a joint meeting of the Senate Foreign Relations and Armed Services Committees on the situation today.

Kennedy's announcement appeared to have a multiple purpose—to keep the public informed, to tell Castro and the Kremlin to keep hands off the rest of the Americas, and to offset domestic criticism urging more drastic action against Cuba.

Administration officials have reported previously that more than 30 vessels carrying communications gear, weapons, economic aid and technicians have been arriving in Cuba in a massive wave of Soviet assistance which began late in July.

Kennedy said further information in the last four days establishes that the Russian shipments include:

1. Antiaircraft defense missiles, similar to early models of the American Nike, having a slant range of 25 miles. (The Soviets have supplied similar surface-to-air missiles in past aid to Iraq and Indonesia.)

2. Several torpedo boats carrying ship-to-ship guided missiles having a 15-mile range.

3. Approximately 3,500 "Soviet military technicians"—an increase above previous official U.S. estimates of the number of military specialists arriving from the bloc.

Ogran Leaves Plaswood for Louisiana Job

E. J. Ogran announced today he has resigned as general manager of Southern Plaswood Corporation's Hope plant in Oakhaven and will leave Thursday to become manager of the National Bagasse Products Corporation plant at Vacherie, La.

He and Mrs. Ogran and their three sons, Mack, Marty and Curt, will make their home at 100 Juniper St., Thibodaux, La.

Mr. Ogran has been associated with the local Plaswood plant since July 1, 1952. He said Plaswood is widely known as the oldest plant in the business, and has a strong sales organization, with a secure future. "But I felt that the Louisiana post offered a greater growth opportunity," he added.

He explained that National Bagasse makes building products from the residue of sugar cane after the sugar has been extracted, utilizing a new dry process that has been developed as a substitute for the wet paper process.

The product, known by the trade name Fibron, is a versatile one, capable of being produced in densities ranging from 14 pounds to 60 pounds per cubic foot, Mr. Ogran said.

He reported that the National Bagasse mill at Vacherie has three presses in a plant valued at \$2½ million dollars.

At the Courthouse last night, three boys took cushions from three chairs in the lobby and piled the bottom off of light fixtures.

Normally the front door of the courthouse is not locked but may be in the future to prevent such childish vandalism.

Bert Parks' TV musical show last night featured one contestant from Nashville, Ark. . . . Sam Floyd told of some of his experiences in Arkansas and about dating a girl at Hope . . . unfortunately he only won \$40 and was eliminated.

The Hempstead County Equalization Board stayed in session 30 days in August going over assessments and the net amount added to the tax books was a mere \$655.

There were only 15 changes and some were drastic but offset each other . . . in other words the assessor's figure on the 15 tracts was \$10,745 . . . when the board got through the figure was \$11,400.

Hope's Golden Age Club meets Thursday afternoon at 1:30 p.m. at the Youth Center and all members are urged to be present.

A little reminder that Oct. 1 is the deadline to pay your personal and property taxes . . . and you have to buy a new poll tax to vote in the November general election.

JUST PEEPING—MISS ARKANSAS, LEFT, Edye Addington, and Miss California, Pamela Jean Gamble, are not in jail, they're just peeping through the bars of a swimming pool fence in Atlantic City, N. J., that separates the children's pool from the deep end. The two beauties are participating in the Miss America Pageant under way in Atlantic City. — NEA Telephone

Cites State Gains in All Phases

Arkansas industries can reach a customer potential of 56 million persons by rail and truck facilities in a matter of 48 hours, Bob Wimberly, public relations head of the Arkansas Power & Light Co., told Hope Kiwanis Club yesterday.

"And we are pointing this out to business executives all over the United States as part of our job in bringing Hope and Arkansas into focus and telling the nation of the many advantages of the state.

"As business and industrial leaders are interviewed, we also tell them that AP&L has \$350 million dollars invested in 61 of the 75 counties of Arkansas.

Some of the reaction we get from industrial leaders is this:

"Arkansas is a good place to have a factory, but not to live and raise a family. Eight out of ten executives favor the political climate and the type of government we have as it relates to taxation."

Other reaction is this:

"Some leaders believe that our workers are unproductive, that they lack skills; that our educational system is sub-normal. We also get other unfavorable comment due to publicity in recent years of the Bob Burns and Lum & Abner programs, which made the characters rich—but didn't help Arkansas."

Mr. Wimberly then refuted much of the false information and declared that Arkansas two years ago reached a balance between agriculture and industry. He said the U of A and other surveys showed the state has been gaining in population for the past three years.

That per capita gain in income was above the national average, and that the state has made rapid strides in education, industry, tourist trade, livestock and poultry production as well as other commodities.

The program was arranged by Dr. F. C. Crow, and guests included B. N. Holt, Haskell Jones, Dave Bryant and Tommy Frazier.

Cooler Weather Is Spreading

By THE ASSOCIATED PRESS

Cool air spread from the eastern Great Lakes region through the Mississippi Valley southward to central Texas today but warm weather appeared on the way for chilly sections of the northern Plains and Rocky Mountain region.

The unseasonable readings were in the 40s and 50s in the upper Great Lakes region and in the 60s from central Texas to southern New Mexico. Near freezing marks were reported in some northern border areas of the Midwest.

The cool air was expected to move eastward into the western edges of the Atlantic coastal states.

Teachers to Meet Tues. Night at 7

All teachers of Hempstead County will meet in a general meeting on Tuesday night, Sept. 11 at 7 p.m. in the Hope Jr. High School Auditorium.

After a short business session and a discussion of the overall needs and plans for the program of economic education in our schools, the group will be divided into elementary and secondary groups for a discussion of specific ideas concerning economic education at the various grade levels.

Mrs. Bessie Moore, Supervisor of Elementary Education with the State Department of Education, will lead the discussion in the elementary group, and Harvey Young and Curtis Swain of the Department will lead the secondary group.

Invitations have been extended to teachers of nearby counties to attend this clinic. All parents and school board members are also invited to attend.

Radio Gear Stolen

HOT SPRINGS, Ark. (AP)—Bill Amis of Oklahoma City reported Tuesday that \$30,000 worth of equipment, including radio gear and an automatic pilot, was stolen from his plane at Municipal Airport over the weekend while he was visiting in Hot Springs.

Spacecraft Changes Position

By RALPH DIGHTON

PASADENA, Calif. (AP) — The United States' Mariner 2 spacecraft streaked toward Venus today after changing to a new course scientists say will take it within 9,000 miles of the mystery planet.

The course change was made Tuesday in a spectacular maneuver 1.5 million miles from earth.

Aboard the 447-pound vehicle are instruments that may tell whether life could exist on Venus, virtually a twin of earth in size.

If these instruments work as designed during a 30-minute fly-by Dec. 14, Mariner 2 will score a significant first in space for this country. The Soviet Union's Venus probe last year missed the cloud-shrouded planet by 62,000 miles—and its radios were dead.

An electronic whiff of Venus is all U.S. scientists ask of Mariner 2. Unsterilized, it was never intended to impact Venus but to miss it by 10,000 miles and go on into a giant orbit around the sun.

The 12-foot-tall spacecraft, launched Aug. 25 from Cape Canaveral, Fla., went through the intricate maneuver to overcome a bad start. A rolling motion by its Atlas-Agena booster during liftoff sent Mariner 223,000 miles off course.

Scientists at the U.S. space agency's Jet Propulsion Laboratory here spent days measuring the amount of error. Then, at 3:49 p.m. Tuesday they started sending a series of radio messages that commanded the spacecraft to point its nose in a different direction and then fire a small liquid fuel rocket in its tail.

This sent Mariner 2 streaking toward Venus at a speed of 6,687 miles per hour.

"Everything worked just as designed," the Mariner project manager Jack James, exultantly told a news conference.

501 Persons Die During Holiday

CHICAGO (AP)—Traffic accidents over the long Labor Day weekend killed 501 persons, a record for the holiday and far ahead of the normal number of highway fatalities for a similar non-holiday period.

The final count for the 78-hour (three-day) holiday period showed that 501 persons lost their lives in motor vehicle accidents reported from 6 p.m. (local time) last Friday to midnight Monday. The previous record high of 461 was recorded in the 1951 Labor Day weekend.

Last year's Labor Day traffic toll was 386. The National Safety Council said the average number of traffic deaths for a late summer 78-hour non-holiday weekend last month for a 78-hour non-holiday weekend period showed 256 deaths on the highways.

In addition to traffic deaths, there were 23 fatalities in boating accidents, 57 drownings and 97 deaths in miscellaneous types of accidents, for an over-all total of 478. This also was a record, exceeding the previous total of 658, also set in 1951.

Worst Industrial Air Crash Claims 13 Oil Executives

RAVENNA, Ohio (AP) — Thirteen men died in the crash and explosion of a two-engine private airplane on a farm southeast of here Tuesday night. It was the worst industrial aircraft accident in the nation's history.

The twin-engine Lockheed Lodestar, owned by the Ashland Oil & Refining Co., was carrying executives from subsidiary companies in Cleveland and Buffalo to Ashland, Ky. for a sales meeting today.

There were no survivors.

The death toll of 13 exceeded by one the previous high for an industrial aircraft accident — a crash near Shreveport, La. on Jan. 10, 1954. The crash of a Continental Oil Co. plane near Marion, Ohio, on July 1, 1959, took 10 lives.

It was over Lake Milton about 8:30 p.m. when witnesses heard sounds that indicated trouble and saw the plane go into a spin, crashing in bright orange flames that lit the sky.

The tremendous explosion littered Glenn Sickle's 40-acre farm field with human and mechanical wreckage. One piece of the fuselage was found a mile away.

The blast dug a crater five feet deep and about 20 feet in diameter.

Among those the Frontier Oil Co. said boarded the plane at Buffalo were Clayton G. Maxwell, 60, vice president of Frontier; Newton A. Bricka, 43, transportation manager; James A. Mahan Jr., 37, manager of marketing; James Whittaker, 52, assistant manager of Frontier's oil burner division; and Joseph A. Collins, 64, manager of the oil burner division.

An Ashland Oil Co. spokesman said four men from another subsidiary, Allied Oil of Cleveland, also were aboard. They were identified as Jay P. Alexander, 51, executive assistant to the president, Allied Oil; Robert Wulff, 37, manager of retail fuel oil sales; Wayne T. Wiggins, 37, sales manager, and W. H. Parr, fuel oil sales representative for Allied at Ashtabula, Ohio.

From the home company, there was John W. Drennan, administrative assistant for marketing.

An Ashland accountant was believed also to have been in the group.

Chief pilot Blaine Berkstresser was aboard, and copilot Ronald Roberts of Ashland also was scheduled to make the trip.

First on the scene of the crash 18 miles from this northeastern Ohio city was Richard McKenzie, who lives nearby. He said he heard a whistling or screaming noise, somewhat like the noise of a jet plane. He saw the red lights of the plane moving in a spinning pattern, then saw a tremendous crash. Flames shot more than 50 feet above the wreckage, he said.

School Has a Formula for Prayer

LEVITTOWN, N.Y. (AP)—The Levittown School Board, acting against the advice of its attorney, has adopted a formula for school opening exercises as a substitute for prayer.

The program lists the pledge of allegiance, with the teacher having the options of calling for recitations from the Bible, reading or singing the fourth stanza of "America," or reading spiritually oriented excerpts from documents of national importance.

The board approved the program 4 to 2 Tuesday night.

Counsel Leroy Van Nostrand advised the board that the approved exercises violate the ruling last week by the state education commissioner, James E. Allen Jr. Allen's ruling advised school officials of what they could and could not do in light of the U.S. Supreme Court's decision outlawing officially prescribed prayer.

The court ruling scrapped a prayer drawn up by the New York Board of Regents, the state's highest educational authority.

Members of the board voting in the majority argued that the opening exercises do not constitute prayer.

The minority said the majority was playing on words and circumventing Allen's ruling.

Local Option Vote Asked in Fulton Area

A petition has been filed in Hempstead County Court asking for a local option election in Bois d'Arc township, Fulton and McNab.

The petition, filed by Leo Robins, asked the court to rule on qualifications of the 74 signers of the petition and to set an election date. The petition was filed "in accordance with Sections 48-801-824-825 of Arkansas Statutes."

A ruling was asked within 10 days. The petition claims 15 per cent of the qualified voters of the township. This figure is taken from the governor's race in the last general election.

Hempstead County is legally dry having voted out liquor in 1946. Under the local option law only the voters of Bois d'Arc Township would be qualified to vote. Passage would legalize the sale of beer and liquor in the township of Bois d'Arc but not elsewhere in the county.

WSCS Dist. Women Plan Seminar

"O Send Us Forth" will be the theme of the Educational Seminar to be held by the Hope District Women's Society of Christian Service on Friday, Sept. 7 at the First Methodist Church in Hope.

Registration will begin at 9 a.m. Following an invocation by the Rev. Rufus Sorrells, two studies will be conducted at 9:30. "Prayer" will be taught by Mrs. J. G. Jarvis, Hope District Secretary of Spiritual Life, & "The Church Mission and Persons of Special Need" will be taught by Mrs. Lamar S. Clark, Recording Secretary, South Central Jurisdiction.

Miss Beryl Henry, Secretary of Missionary Education and Service, Little Rock Conference, will conduct the study, "Today's Children for Tomorrow's World." This will be at 10:55 a.m., and Mrs. R. M. McKinney, Vice President, Little Rock Conference, will have charge of Program Building at that time. Lunch will be at 12:15.

In the afternoon, "Missionary Education of Children" will be discussed by Mrs. J. C. Tucker, Children's Worker, L.R. Conference Board of Education, and "Missionary Education for Youth" by Miss Sarah Bagley, Curriculum Committee of Church School Publications, Nashville, Tenn.

The Church-Wide Study, "Methodism's Ministry to the Handicapped," will be led by the Rev. Pryor R. Cruse, District Missionary Secretary, L.R. Conference Board of Missions. Mrs. Roy Bagley, Secretary of Missionary Personnel, L.R. Conference, will teach "The Christian Mission on the Rim of East Asia."

University Choir on Way Home

WASHINGTON (AP)—The University of Arkansas' Schola Cantorum (School of Singers) was on its way home today after triumphal appearances before President Kennedy and members of Congress Tuesday.

The 36-voice mixed chorus was invited to Washington after it won over 25 other choruses from various European nations in an international competition in Italy.

The singers left for Arkansas by bus late Tuesday.

Kennedy congratulated the singers after hearing them in the White House Rose Garden. He said singing contests may someday be held in the proposed National Cultural Center in Washington.

Sen. J. W. Fulbright, D-Ark., who arranged the group's Washington trip, presented the singers

Arkla Seeks to Build Gas Line

LITTLE ROCK (AP)—Arkansas Louisiana Gas Co., asked the State Public Service Commission Tuesday for authority to build a pipeline from near Redfield to Pine Bluff.

The company said a lateral, eight-inch line branching from its main line is needed to meet anticipated new demands in the Pine Bluff area.

Arkla said it would spend \$321,385 on the 14.2-mile line.

Man Hit, Killed by a Train

LITTLE ROCK (AP)—An unidentified Negro man was hit and killed by a Rock Island train last night.

The engineer, L. C. Guinn, told police he saw an object on the tracks and sounded his whistle several times.

Guinn said the train was traveling south at about 15 miles an hour. About 24 cars and four diesel units passed over the body.

A police description of the man says he was in his late 20s or early 30s, five feet, nine inches tall, 165 pounds, wearing gray trousers, a yellow tee shirt, a white shirt and a pink sports shirt.

In an audience of about 500 in the auditorium of the Senate Office Building.

"We take great pride in your achievements," he said. Sen. John L. McClellan, D-Ark., remarked, "We are very proud indeed of this choir."

The Schola Cantorum, directed by Richard Brothers, raised its own funds for the trip to Europe after a State Department agency refused federal aid on grounds that the group was not good enough.

The U. S. and a number of other countries have offered financial and material help as a massive effort was being organized to speed recovery from the quake's destruction. —NEA Radiophoto

Recession by Winter, Meany Warns

By THE ASSOCIATED PRESS

AFL-CIO President George Meany threw a note of warning into the nation's celebration of Labor Day, predicting a recession this winter.

"I hope to heavens I am wrong," added Meany.

But the labor leader, in Seattle, Wash., for a speech at the World Fair, told reporters: "We are not growing fast enough economically to keep pace with our growing population, and sooner or later we will be in serious trouble."

Retiring Secretary of Labor Arthur J. Goldberg, who Friday was appointed to the Supreme Court, called labor-management relations more important than ever "in this period of stress and strain for America."

Goldberg attended the annual Labor Day Mass at the Shrine of the Sacred Heart in Washington. Afterward he spoke at a wreath-laying ceremony at the statue of James Cardinal Gibbons, a champion of labor.

"All of us must serve our country, and serve the national welfare and common defense to the best of our abilities," said Goldberg.

More than 1,000 government officials, labor and management executives and others at the Mass heard the Most Rev. Patrick A. Boyle, Roman Catholic archbishop of Washington, urge organized labor to "lean over backwards to cooperate with management in every reasonable effort to stabilize costs."

President Kennedy hailed the end-of-summer holiday with a statement that about 70 million Americans are now employed, more than ever before.

The worker in the United States, he said, enjoys "economic and social protections and rights undreamed of in earlier times and flatly denied in contemporary Communist societies."

"We are a blessed land," the President said.

A rallying cry was sounded by James B. Carey, president of the International Union of Electrical Workers.

Speaking in Pennsauken, N.J., at the grave of Peter J. McGuire — the founder of Labor Day — Carey urged organized labor to battle for a 35-hour week and called for a guaranteed annual wage.

Meany sounded the same cry in Seattle saying: "We are going to fight for the 35 hour week, not because American workers are lazy but because it would create 5 million more jobs."

He declared the weapon most feared by Communists is "America's industrial might." But he

said the weapon is being weakened by recurring recessions and persistent unemployment.

In Detroit, George Romney showed up as an uninvited guest at a Michigan AFL-CIO celebration and drew a sharp rebuke from a union spokesman.

Romney, Republican candidate for governor of Michigan, had failed to obtain an invitation to appear on the speaker's platform with his November opponent, Gov. John B. Swainson, Sen. Pat McNamara, D-Mich., and Detroit's Democratic Mayor Jerome Cavanagh. Also on the stand was United Auto Workers President Walter Reuther.

Automaker Romney, however, showed up and marched along the parade route ahead of the Democratic leaders and union officials.

Without mentioning Romney by name, Wayne County AFL-CIO President Al Barbour told the crowd: "Labor Day is a day when we invite our friends to share in the glory and celebration. And we have certain yardsticks by which we determine who our friends are."

"We know the working people of this state will give their answer at the Nov. 6 election to those who intrude themselves on our affairs and our programs."

Romney later told newsmen, "I understood it was a public rally and that all the citizens were invited. I was well treated."

79 Negroes Attending White School

LITTLE ROCK (AP) — Public schools opened without incident here today with 79 Negroes attending classes with about 21,000 white students.

A few Police Officers stood watch at each school, but Police Chief R. E. Glasscock said that was "mainly for safety's sake. We didn't expect any trouble."

There have been no important racial incidents here since 1959 when a segregationist mob marched on Central High School on the first day of classes. Police dispersed them with billy clubs and fire hoses and arrested 44.

Negroes attended classes with white students in the seventh through 12th grades today with the exception of the ninth. It will be integrated for the first time next year.

Elementary schools still are segregated. The eighth grade was integrated for the first time this year by Negro students who attended predominantly white schools in the seventh grade last year. The school board has been following a plan of introducing Negroes into the seventh grade, the first of junior high school, and the 10th, the first grade of high school.

Most of Little Rock's Negro stu-

Farmer Did Not Okay Petition

LITTLE ROCK (AP) — James Weir, Dermott rice farmer, gave notice to Federal District Court by letter today that a petition for permission to market 1960-61 rice crops should be dismissed since he had not authorized the legal move.

The petition was lodged last week by Captain Jack Wyly of Lake Providence, La. it requested permission to sell 923,530 pounds of rice though Weir had no marketing card from the U.S. Department of Agriculture.

The bond, held by U.S. Marshal Pat Henderson, names Wyly as principal and Carneal Warfield and William R. Smith as sureties. Wyly purchased the property at the marshal's auction as agent for L. J. Warren of Lake Providence, La.

The sale was in execution of a \$16,972.09 judgment issued against Weir Feb. 28 of this year.

Names of the persons involved was not known immediately.

State Police said apparently the Negro woman was driving a car which collided head-on with a tractor trailer.

Police said the woman, killed outright, apparently fell asleep. The man, believed to be a soldier at Fort Hood, Tex., died a few minutes before reaching Crittenden Memorial Hospital.

The child was in critical condition at Crittenden Memorial Hospital and the driver of the truck also was hospitalized.

Warneke May Be GOP Candidate

HOT SPRINGS, Ark. (AP)—The Garland County Young Republicans League said Tuesday it would file petitions bearing 2,500 names to qualify Lon (Hummingbird) Warneke, former Chicago Cub pitcher and National League umpire, as a candidate for county judge. Warneke would run as an independent against Judge Henry Murphy, the incumbent, who was renominated without opposition in the July 31 Democratic primary.

The proceeds were to pay off judgments and indebtedness from the sale of Weir's 994 acre farm on April 17.

U.S. Attorney Robert Smith said today Weir's letter indicates his sureties will have to pay off the \$60,000 paid by Wyly for the farm.

The sale was in execution of a \$16,972.09 judgment issued against Weir Feb. 28 of this year.

Two Killed in Head-on Wreck

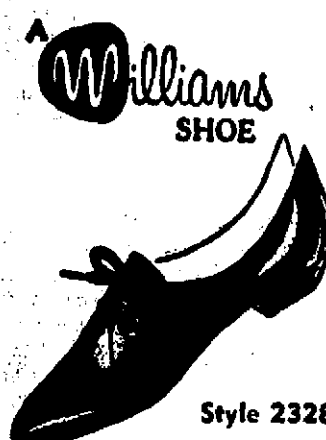

FORREST CITY, Ark. (AP)—A Negro man and woman were killed and a Negro child was critically injured in a head-on collision 22 miles northeast of Forrest City near Blackfish Lake on U.S. Highway 70 early today.

Eddie, the Camel Back With Circus

LEPANTO, Ark. (AP)—Eddie, the injured camel, is back with King Bros. Circus again, but he won't be an attraction for about 10 days.

Eddie was injured when a circus van careened into a floodway ditch near Marked Tree early Sunday.

Clyde Eason of Lepanto who treated Eddie and some Shetland ponies in the van, said Monday all is well and the show will go on. The circus played a one-night stand at Osceola, Ark., north of here, Monday night, without Eddie.

Hopeful Charges Will Be Dropped

ROME (AP)—Actress Sophia Loren and producer Carlo Ponti said they had high hopes that annulment of their Mexican proxy marriage would result in the quashing of Italian bigamy charges against them.

Judge Carlos Uranga Munoz announced the annulment Monday at Juarez, Mexico, where Ponti and Miss Loren were married in 1957. Ponti, 46, married the 27-year-old actress after he got a Mexican divorce from Giuliana Piastri, an Italian attorney who has two sons by him. Divorce is not recognized in Roman Catholic Italy, and several citizens filed bigamy complaints against Miss Loren and Ponti.

John Brown U. Film Released

SILOAM SPRINGS, Ark. (AP)—A color film showing life at John Brown University at Siloam Springs has been released by the school.

The 21-minute sound film shows beauty spots in northwest Arkansas and is available for showing without charge to churches, schools and civic clubs.

The film was produced by Dwight Norris Productions of Tulsa. It is titled "Faith and the Future."

Tommy Harding, Linda Roberts and Judy Samuels directed the songs. Bruce Burke demonstrated "How to Assemble Model Cars." Refreshments were served to 11 members, two leaders and one new member, Larry Harper. The next meeting will be with Charles Arnold on Oct. 1 at 7 p.m.

Births

Mr. and Mrs. Don Powell of Dallas announce the arrival of a son, born August 26. He has been named Donnie. Grandparents are Mr. and Mrs. Orville Powell of Hope and Mr. and Mrs. Elmer Wilson of Dallas. Great-grandmothers are Mrs. P. B. Faris of Hope and Mrs. B. H. Powell of Patmos.

Coming and Going

Mrs. Anna Judson had as guest last weekend, her daughter, Mrs. Jewell W. Talley of Beaumont, Texas.

Mrs. O. L. Chumley of Gilham, Mrs. T. L. Knod of Kansas City, and Mrs. J. B. Denniston of Tucson, Ariz. visited their sister, Mrs. J. W. Perkins in Hope last week. Over the weekend all had a trip to Oklahoma.

Mrs. Martin Pool and Mrs. Colyer Cox drove Mrs. Heirle Cook and Clay back to their home in Conway Tuesday.

DOROTHY DIX

Motherless Teen Finds Life With Father Hard

By HELEN WORDEN ERSKINE

Dear Helen: My mother died last October. I am an only child and we were very close. We talked over absolutely everything. So long as she lived I was never a misunderstood teen. Now all I have is a taciturn, austere father who simply won't listen to me.

There are no other close relatives, every one having been killed during the last war in Poland, the country from which my parents fled.

But my father discourages my dating and since I am not yet 15, I understand. But he also discourages me inviting friends to the house because, having to leave early for his store, he must retire right after dinner and wants absolute quiet at home.

Sometimes I wish I had never been born. If I could be sure of being with Mother when I die, I would kill myself now. You speak of work as a cure-all. Until school started I was volunteer counselor at a day camp three times a week, took sewing lessons on the alternate days and helped my father in his store week-ends without pay. But still I'm

unhappy. Father provides for my needs, gives me an allowance and more which I put in a savings account. If I were old enough to travel by myself, I would go to Israel where I've always wanted to live, if only to escape Father's stern silences and even more terrifying anger. I realize that it is hard for him too, suddenly being burdened with the disciplining of a teen-age girl — a task he left to my mother. Also, he works hard, seven days a week with all sorts of people to handle, and with only half a day week off for himself. But understanding as I try to be, he won't listen to my side. How can I tear down the wall between us? —Lonely Daughter

Dear Lonely: Your father, however, difficult, is your father. You must realize that the loss of your mother was a blow to him no less than it was to you.

Try to make up a little of his loss. Cook his favorite dishes. Help him in the store all you can. Be cheerful and understanding. Praise him whenever there is an opportunity. Show him that rearing a teen-ager girl can be less of a

burden than he thinks; show him it can even be a joy. Slowly but surely you can establish a good daughter-father relationship.

Dear Helen: I am a 76-year-old widow living in the basement of my daughter's house. She married a soldier in the World War II, 16 years ago. After he left the Service they came to stay with me, having neither furniture nor the money to buy it.

Being only 60 then, I was still able to work. It was my money which helped them over the tough spots and I who helped my daughter through the birth of their three children. Now she says there is no house big enough for two families.

I reared six children with not much help from a drinking husband. Benefits forgot, they all treat me like a cast-off. Why should this be? —Unwanted Mother

Dear Unwanted: "Gratitude is a fruit of great cultivation." Something must have been amiss in the way you reared your children, else they would show more appreciation now. But that's water over the dam.

It is their duty to contribute to your support regardless. If the others do nothing, understandably, your daughter grumbles.

Instead of living in her basement — which should never be — how about all six paying for the

rent and upkeep of a small apartment in the neighborhood? They might also share in your care if you aren't able to do for yourself. Call a family council and tell them so.

Justice, in the form of the law or public opinion, would back you up. Read them your letter and this reply.

Dear Helen: Though within half a year of being 16, these six months bar me from employment in a department store. Instead, I earn money baby-sitting for three families regularly and two others infrequently. My earnings vary because of the size of the family and their income.

A month ago I added another family to my list and, upon one occasion, baby-sat for them from 8 p.m. till 1 a.m. I am not completely satisfied with the amount they paid me — \$2.50. They have two children. Thought it is customary for a baby-sitter to be paid double after midnight. Am I correct in my thinking? What do you consider the average pay an hour should be for a minor? —Jo

Dear Jo: I checked with the N. Y. State Youth Employment Service, the Wages and Hours Board, Research and Statistics, Prevailing Wage Unit and the N.Y. Police Athletic League which has placed a few mothers' help-

ers. The consensus is that baby-sit-

ting wages range from 50 to 75 cents an hour with the majority of jobs at the 50 cent level.

The mothers' helpers got \$15 a week but this was in cases where the girls went to the country for the summer with the family. At best, the employment of minors is difficult because the mothers' permission is required and, sad to say, some employers try to make the kids do general housework! Be sure to arrange your rate before you accept a job.

Wants to Halt Telephone Lines

LITTLE ROCK (AP) - Allied Telephone Co., of Little Rock asked the Arkansas Public Service Commission Tuesday to stop Southwestern Bell Telephone Co. from stringing lines to nine missile base sites in central Arkansas.

Allied said nine of the 18 missile bases under construction are in its service area and it is ready, willing and able to provide telephone service to them.

Allied asked the PSC, if it will not stop Bell to make Bell pay Allied damages for the loss of service area.

Allied exchanges at Enola, Rosebud, Pangburn, Greenbrier, Damascus and Quitman are near missile base sites.

Cozier Has Finally Won a Big Race

By JOHN CHANDLER
 Associated Press Sports Writer

Crozier, who has been making a career of finishing second in the big ones—especially to Carry Back—finally found out what the winner's circle looked like in the \$106,300 Aqueduct Stakes.

Fred W. Hooper's 4-year old son of My Babu-Miss Olympia won his first race of the year at Aqueduct Monday before 70,123, second largest crowd in history of New York racing. He did it the hard way, beating the current leader of the handicap ranks, Carry Back, and the No. 2 colt in the 3-year-old division, Ridan.

While a little of the luster was being rubbed off Carry Back's bid for the handicap division title, Rex Ellsworth's Prove It strengthened his claim with a nose victory in the \$112,450 Washington Park Handicap at Arlington Park.

In winning his sixth straight stakes of the year, the 5-year old son of Endeavour the 2nd matched Arlington's track record for the mile with a clocking of 1 minute 33.45 seconds under 131 pounds. He earned \$68,450, boosted his 1962 winning to \$348,750 and his career bankroll to \$612,320. Try Cash's 4-0-1 shot, was second.

It was only a matter of weight spread in a four-horse Aqueduct field cut in half by the withdrawal of Yorky, Whitley, Nickel Boy and Smart. Crozier, taking the lead in the stretch, hung on to beat the fast-closing Guadacanal by half a length. Guadacanal got second by a head over Ridan, while Carry Back was fourth, another half length back in the light finish.

Carry Back, who leaves shortly for Paris and a crack at Europe's best thoroughbreds, packed high weight of 128 pounds and was not disgraced. Neither was Ridan, who had 123 and cut out the fast early pace. Crozier and Guadacanal got in with only 114 pounds each.

Angels Blast Out 7-6 Win Over Yanks

By JIM HACKLEMAN
Associated Press Sports Writer

"The game's not over until the final out" may be a trite old battle cry—but for the amazing Los Angeles Angels it's a way of life.

Following the script they've used so often this season, the Angels humbled the New York Yankees 7-6 Tuesday by pouring across six runs in the seventh inning and producing the winner in the ninth. It was the 16th time this year they've scored the clincher in their last turn at bat, and the 33rd time they've come from behind in the final three innings.

It was a day of multiple shocks for the Yankees, whose American League lead over the rain-illed Minnesota Twins was cut to 2½ games and over the third-place Angels to 3½.

Even before game time, the Bombers received a disheartening setback when fragile slugger Mickey Mantle was disabled in a batting practice mishap. Mantle tore the lining loose from his rib cage taking a hard cut, and is expected to be sidelined for several days.

In other AL action, the Chicago

White Sox edged Cleveland 3-2 on Al Smith's pinch single in the 13th inning and Kansas City whipped Boston 7-2. In addition to the Twins-Senators postponement at Washington, the Detroit Tigers and Orioles were rained out at Baltimore.

In the National League, the Los Angeles Dodgers hosted their lead to 3½ games over San Francisco with a 5-4 decision over the Giants. Cincinnati beat Milwaukee 9-6, Pittsburgh downed New York 4-1, St. Louis trounced Chicago 7-1 and Houston finally conquered Philadelphia, 4-1 after 17 straight losses to the Phils.

Turned back with just three hits, off southpaw ace Whitey Ford through six innings and trailing 4-0, the Angels cut loose with one out in the seventh. Lee Thomas smacked a two-run homer, Billy Moran singled in a run, two more scored when Tony Kuback let a potential double play ball skip through his legs, and the sixth run came in on a ground out.

Clete Boyer pulled the Yankees even in the eighth when he homered with one on, but the scrambling Angels counter-rallied in the ninth. Joe Koppe led off with a single off Bud Daley, who struck out the next two men but then yielded a walk to Leo Burke and a deciding single to Bob Rodgers.

Smith delivered his game-winning pinch hit for the White Sox with two out in the 13th after Sammy Esposito was walked intentionally, filling the bases. Frank Baumann won it with six scoreless innings of relief. The loss went to Dick Donovan, 19-8, who went all the way for the Indians.

The Athletics battered the Red Sox with two big innings. They counted four runs off loser Bill Monbouquette in the sixth, with a double by Ed Charles and George Alusik's homer the key hits, and pushed across three more against Cletis Nichols in the ninth. Ed Rakow was nicked for 12 hits but went the distance for Kansas City.

HONOLULU — Hurricane Kid, 153, San Francisco, knocked out edged the first-place New York Winnie Rebolado, 149½, Manila, 5.

Dodgers Beat Off Giants, Stretch Lead

By MIKE RATHET
Associated Press Sports Writer

The Los Angeles Dodgers, big bad handits on the basepaths, have stretched their National League lead to 3½ games on a sudden burst of speed by the unlikely desperado of them all — catcher John Roseboro.

The Dodger receiver came barreling home in the fifth inning of Tuesday night's key battle with second-place San Francisco, sliding in safely with the run that turned out to be the clincher in a 5-4 squeaker over the Giants.

The Dodger triumph evened the key four-game series between the leaders at one game apiece and gave the Dodgers a substantial edge with 23 games remaining.

It looked like an easy one for the Dodgers, who struck for three quick runs off Giants' starter Billy Pierce in the first inning on run-producing hits by Tommy Davis, rank Howard and Ron Fairly. The Giants got one back against Pete Richert in the fifth on Tom Haller's homer.

Then Roseboro took over. After Lee Walls singled, Big Bad John lashed a triple, and stole home for the second time in a week.

Ron Perranoski came on for the Dodgers to protect the lead, but ran into trouble in the ninth when a single by Harvey Kuenn and a homer by Jose Pagan brought the Giants within one run—Roseboro's run. Perranoski, however, hore down, striking out sluggers Willie Mays and Orlando Cepeda to end it.

Third place Cincinnati remained 6½ games back, using Marty Keough's homer for a 9-6 victory over Milwaukee. St. Louis belted the Chicago Cubs 7-1 on homers by Stan Musial and Gene Oliver while Harvey Haddix pitched and battled Pittsburgh to a 5-1 decision over the New York Mets.

At Houston, the Colts snapped their 17-game losing streak to Philadelphia, beating the Phils 4-1 behind Bob Bruce's four-hitter without the elaborate jinx-breaking production which they tried Labor Day.

In the American League, the third-place Los Angeles Angels edged the first-place New York Yankees 7-6, moving to within 3½

games of the top. The Chicago White Sox nipped Cleveland 3-2 in 13 innings and Kansas City beat Boston 7-2. The other clubs were rained out.

Vada Pinson drove in four runs with his 21st homer and a single, but it took Keough's pinch hit bases empty homer in the eighth off Claude Raymond (5-3) to snap a 6-6 tie and put it away for the Reds. The Braves rapped out 14 hits, including homers Nos. 24 and 25 by Ed Mathews before Jim Brosnan relieved Jim O'Toole (15-13) and retired the last five men. Johnny Edwards also homered for the Reds.

Musial connected for his 16th homer after Cubs' starter Cal Koonce (9-9) walked two men in the third. That gave the Cards a lead they never relinquished as Larry Jackson (13-10) allowed only five singles, striking out seven while walking none. Cubs second baseman Ken Hubbs drew to within one of Bobby Doerr's record of 414 consecutive chances without an error.

Haddix (9-5) permitted the Mets only eight hits while collecting three himself, stroking two doubles and a single and scoring the run that proved to be the clincher on Bill Virdon's fifth inning single. The Mets scored their only run in the seventh on a double by Frank Thomas and Joe Christopher's single. Craig Anderson (3-16) took the loss, his 15th in a row.

Bruce (9-8) kept the Colts from becoming the first team in major league history to lose an entire season's series to another club. This was the last meeting between the two teams. Bruce also drove in two runs with a double and single, sharing honors with Bob Lillis, who knocked in a pair with a triple. The only run off Bruce came as Don Demeters' 25th homer. Cal McLish (9-5) was the loser.

Bobcats Picked Over Porkers Friday Night

By BILL SIMMONS
Associated Press Staff Writer

Little Rock Central's highly-touted Tigers get a chance at vengeance Friday night at Benton and the Bengals are expected to begin a win skeln that may take them to the Big Nine Conference championship.

Coach Tom Hardin's Panthers upended the Tigers 27-18 in Quigley Stadium in Little Rock last Sept. 8, the first Benton victory over Central in a 10-game series dating back to 1906.

Benton will be one of three District 3AA teams in action against Big Nine foes this week. Searcy takes on Blytheville Friday night, and Little Rock Hall meets Little Rock Catholic Thursday night.

For the first time around, I pick them like this:

LITTLE ROCK CENTRAL 21. Benton 14. A host of fleet-footed runners and a willing defense will more than offset the running of Benton's Alvin Jones. And there's vengeance, too.

DEQUEEN 13. Hot Springs 12. The Trojans of the Big Nine got off to a good start last week, but it'll be a Class AA club instead of Class A. It could go the other way.

EL DORADO 14. Smackover 13. A good start is needed by El Dorado, and the Wildcats, even without Jerry Mooty, will get off on the right foot.

FORT SMITH 24. Van Buren 6. The Grizzlies open their season with indications they, too, are in the Big Nine race.

HALL HIGH 20. Catholic High 19. Ray Peters' Warriors take leprechauns to the huddle and Catholic High hasn't won this one in five tries.

BLYTHEVILLE 7. Searcy 6. The Chicks might get both touchdowns.

NORTH LITTLE ROCK 20. Subiaco 7. Go power will carry the Cats past a smaller Subiaco squad.

HOPE 14. Texarkana 6. It's too

Hope Star SPORTS

early for Robert E. (Swede) Lee's Razorbacks, especially when the foe is Hope.

Now, for a swing through Class AA.

Fayetteville 26, Harrison 12. A barometer of things to come in District 2AA.

Rogers 14, Siloam Springs 6. But not easy.

Springdale 20, Bentonville 0. It'll be between Springdale and Fayetteville before the season is out.

Forrest City 21, Conway 20. One of the more interesting games Friday night.

Helena 20, Paragould 7. Might will triumph.

Jonesboro 28, Batesville 0. The Hurricane has a full-head of steam after thrashing Walnut Ridge 39-0 last weekend.

Wyne 6, Newport 6. Not much to say after that.

Stuttgart 13, West Memphis 6. The Blue Devils barely beat Marianna last week, and the Rice Birds will be too big.

Jacksonville 19, Mabelvale 14. Donnie Cox got three touchdowns for Jacksonville last week and Bill Pitts got two for Mabelvale as the District 3AA teams picked up a victory each. It should be head-on.

Morrilton 18, St. Afne's of Fort Smith 13. For Morrilton, even without Bill Tiner.

Russellville 14, Atkins 0. Class AA over Class A.

Bryant 7, Sylvan Hills 6. Class A over a Class AA newcomer. Camden 19, Fairview of Camden 14. An inter-city rivalry that could mean a lot come Thanksgiving.

Crossett 24, Monticello 0. The Eagles showed a grudging defense against Eudora last week, and their eyes are on the District 4AA title.

Bobkittens Open Season Thurs. Night

By VINCE FOSTER

The Hope Junior Bobkittens open their 1962 season Thursday night at Prescott. The Bobkittens, smaller and slower this season, may find the Prescott eleven harder than in past years.

Junior Coach Billy Mitchell notes that although the Kittens are smaller by 20 pounds per man than last year's team, their hustle is good. Last season Mitchell's

When to Fish or Hunt Solunar Tables

By John Alden Knight

The schedule of Solunar period as printed below, has been taken from John Alden Knight's Solunar Tables. Plan your days so that you will be fishing in good territory or hunting in good cover during these times, if you wish to find the best sport that each day has to offer.

The Major periods are shown in bold face type. These begin at the time shown and last for an hour and a half or two hours thereafter. The minor periods, shown in regular type, are of somewhat shorter duration.

	Minor Major	Minor Major
	A. M.	P. M.
Wed.	9:45 3:30	10:00 3:50
Thurs.	10:30 4:15	10:50 4:40
Fri.	11:20 5:05	11:45 5:35
Sat.	— 5:55	12:10 6:25
Sun.	12:35 6:50	1:05 7:15

Kittens took six wins against one loss. The Kittens first team this year averages only 135 pounds with the largest player being Charlie Batson, 180 pound center.

The probable starting lineup is: Left end, Ed Aslin, 150 pounds; left tackle, James Lawrence, 155 pounds; left guard, Johnny Duke, 125 pounds; center, Charlie Batson, 180 pounds; right guard, Larry May, 135 pounds; right tackle, Larry Moses, 155 pounds; right end, Ronnie Ingram, 110 pounds; quarterback, Sammy Strong, 130 pounds; fullback, Monroet Pardue, 115 pounds; fullback, Freddie Easterling, 130 pounds and right halfback, Bobby Samuels, 115 pounds.

Oklahoman Jailed

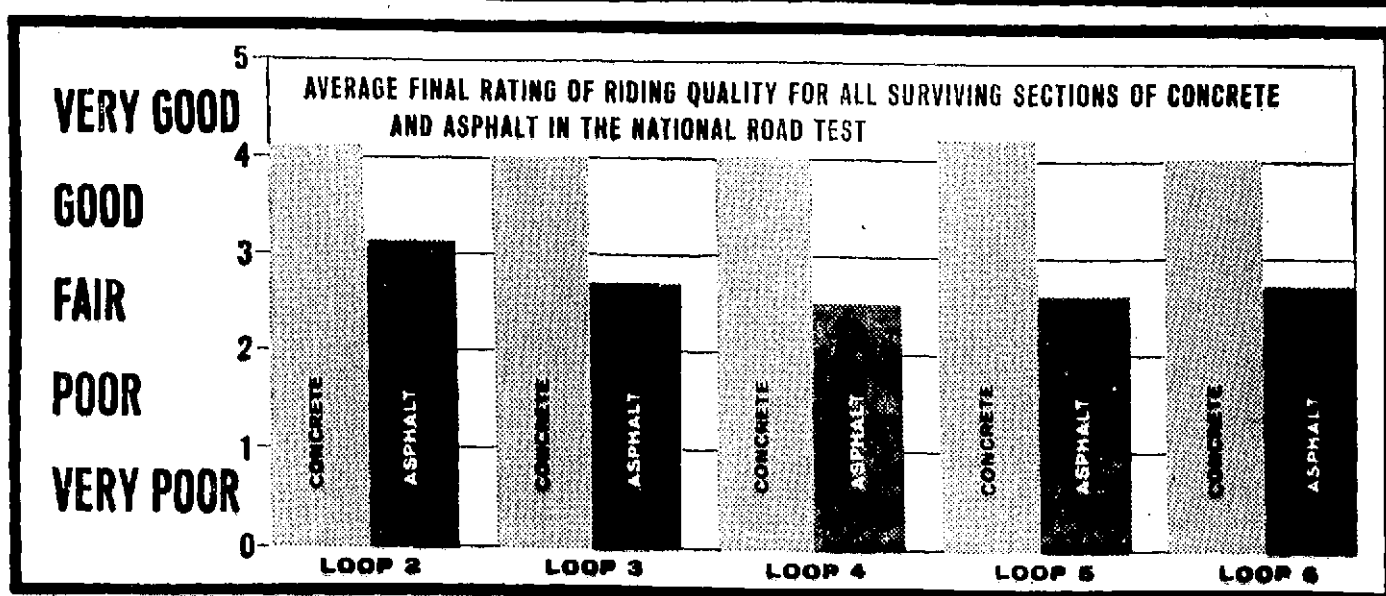

OKLAHOMA CITY, Okla. (AP) —David H. Taylor, 27, of Oklahoma City, south by Hot Springs, Ark., officers in connection with several thefts, was arrested here Monday. Taylor was jailed at Oklahoma City and waived extradition to Arkansas. Roadblocks were set up at DeQueen, Mount Ida and Fort Smith in Arkansas Monday.

Concrete gives taxpayers riding quality that lasts... the National Road Test confirms it

Out of the recent 27-million dollar National Road Test comes significant new information on the performance of concrete and asphalt pavements.

Sponsored by the American Association of State Highway Officials, this road test was the most scientific ever conducted. Side by side on 5 loops near Ottawa, Illinois, concrete and asphalt test sections carried the same truck traffic for two years. Each loop carried light, medium or heavy vehicles.

To determine how well test pavements kept their riding quality, a special rating system called the serviceability index was used. Pavement surfaces were rated on a scale

from "0" (very poor) to "5" (very good).

After two years of traffic and the impact of more than 1,100,000 loads, the surviving concrete still averaged "very good," while most of the surviving asphalt averaged "fair."

Here is further evidence that concrete performs better and gives taxpayers long-range riding comfort for streets, roads and Interstate highways.
